Facilities and Asset Management Academy (BFAMA)

eACADEMY-UK

FAME COLLEGE

Overview:

BFAMA, established under “*The International Hub*” of Benha National University in Mid-2025, aims to transform education and professional training by integrating advanced technologies with industry-focused programs. The academy is committed to delivering academic excellence and innovation, offering specialized courses in facilities, asset management, and engineering. All programs are aligned with industry standards, ensuring participants gain both theoretical knowledge and practical skills.

Main programmes:

- Professional Certification Programmes in FAM
- Smart Professional Training in FAM

Endorsement:

All programs are endorsed by:

“*Benha National University*” and
“*The British Apostille Endorsement*”.

Target Audience:

- Facility and asset management professionals in public and private sectors,
- Engineers in operations, maintenance, safety, and environmental roles.
- Quality and compliance officers in service and industrial sectors.
- Healthcare professionals managing hospital and clinical facilities.
- Project managers and coordinators in infrastructure development.
- Individuals seeking career advancement in digital asset management.
- Engineering and business graduates pursuing certified credentials.
- Specialists in BIM, digital twin, and geomatics systems.
- AI and data analytics professionals aiming to apply their skills in infrastructure and asset management.

Our goals:

- A. Academic Excellence & Curriculum Development.**
- B. Research & Innovation Leadership.**
- C. Industry Engagement & Employability.**
- D. Sustainability & Smart Infrastructure.**
- E. Global Partnerships & Student Mobility.**
- F. Digital Transformation & Smart Learning.**
- G. Ethical Leadership & Community Impact.**

Programs:

Professional Certification System:

Consist of:

- **Three Compulsory Courses Focus on essential competencies in facilities management.**
- **One Elective Course Choose from a variety of specialized topics to tailor your learning experience.**
- **Capstone Project, A hands-on project that integrates theoretical knowledge with real-world applications.**
- **Seminar, An interactive session covering advanced topics and industry trends.**
- **Final Exam, A comprehensive assessment to evaluate your understanding of the program.**

Professional Certification Program:

Code	Charter Name (Certification)	Duration
CFL	Certified Facility and Asset Management Leader	3-4 months
CFHSCM	Certified FAM Health, Safety, and Compliance Manager	3-4 months
CFIM	Certified FAM Artificial Intelligence Manager	3-4 months
CHFM	Certified Healthcare Facilitates Manager	3-4 months
CFBGE	Certified FAM BIM/ Geomatics Expert	3-4 months

Smart Training Courses: (Duration: 20 contact hours and case study)

- Introduction to Facility Operations and Maintenance
- Artificial Intelligence in Facilities and Assets Management
- Asset Lifecycle and Inventory Management
- FAM Project Management and Analysis
- Financial Management and Budgeting in FAM
- Health, Safety, and Compliance in FAM
- Introduction to Facilities and Assets Management
- Leadership and Strategic Planning in FAM
- Digital Twin Fundamentals for Asset Management
- BIM for Smart Facilities Management
- Drone-Based Asset Inspection
- Agile FAM for Projects
- FAM Geomatics
- FAM Geomatics and Decision Making

Enrollment Methods:

- Submit an online application through the official website (ihub.bnu.edu.eg).
- Apply in person by visiting the office and registering on-site. (IHub , Benha National University, Building B , Gate 6 , Quarter 7)

Course Delivery Methods:

- Online sessions conducted via a dedicated ePlatform.
- In-person sessions held at Benha National University (Obour) or other locations to be announced.
- Blended /Hybrid , partially on site and online

Courses and Certifications Fees:

- See our website : BFAMA.BNU.edu.eg

“ FAM Professional career starts here “

Proposed Annual Schedule:

1. Schedule for Certifications and Professional Titles:

Period		Certifications Titles	
from	to		
Sep-25	Jan-26	Certified Facility and Asset Management Leader	Certified FAM BIM/ Geomatics Expert
Oct-25	Feb-26	Certified FAM Artificial Intelligence Manager	Certified FAM Health, Safety, and Compliance Manager
Nov-25	Mar-26	Certified Facility and Asset Management Leader	Certified Healthcare Facilitates Manager
Dec-25	Apr-26	Certified FAM BIM/ Geomatics Expert	Certified FAM Health, Safety, and Compliance Manager
Jan-26	May-26	Certified FAM Artificial Intelligence Manager	Certified Healthcare Facilitates Manager
Feb-26	Jun-26	Certified Facility and Asset Management Leader	Certified FAM BIM/ Geomatics Expert
May-26	Aug-26	Certified FAM Artificial Intelligence Manager	Certified FAM Health, Safety, and Compliance Manager

2. Schedule for training courses:

Period		Training Courses Titles
From	To	
Sep-25	Oct-25	Introduction to Facilities and Assets Management
		Introduction to Facility Operations and Maintenance
		Financial Management and Budgeting in FAM
		Agile FAM for Projects
Oct-25	Nov-25	Asset Lifecycle and Inventory Management
		Drone-Based Asset Inspection
		Leadership and Strategic Planning in Facilities and Assets Management
Nov-25	Dec-25	FAM Project Management and Analysis
		FAM Geomatics and Decision Making
		Introduction to Facilities and Assets Management
Dec-25	Jan-26	Elective course 1
		Elective course 2
		Artificial Intelligence in Facilities and Assets Management
		Health, Safety, and Compliance in FAM
		Asset Lifecycle and Inventory Management
Jan-26	Feb-26	Elective course 3
		Elective course 4
		FAM Project Management and Analysis
		Healthcare Facility Management
		Introduction to Facilities and Assets Management
Feb-26	Mar-26	Elective course 1
		Elective course 5
		FAM Geomatics and Decision Making
		Health, Safety, and Compliance in FAM
		Asset Lifecycle and Inventory Management
Mar-26	Apr-26	Elective course 2
		Elective course 4
		Artificial Intelligence in Facilities and Assets Management
		Healthcare Facility Management
		Introduction to Facilities and Assets Management
Apr-26	May-26	Elective course 3
		Elective course 5
		FAM Project Management and Analysis
		FAM Geomatics and Decision Making
May-26	Jun-26	Elective course 1
		Elective course 2
		Introduction to Facilities and Assets Management
		FAM Geomatics
Jun-26	Jul-26	Asset Lifecycle and Inventory Management
		Digital Twin Fundamentals for Asset Management
Jul-26	Aug-26	Health, Safety, and Compliance in FAM
		Artificial Intelligence in Facilities and Assets Management
		BIM for Smart Facilities Management
Aug-26	Sep-26	Elective course 3
		Elective course 4

Sample Certificates:

Certificates are issued and awarded from :

- Benha International University.
 - The Facilities and Asset Management and Engineering College UK (FAME- UK).
- and endorsed by “The British Apostile”.
